RACE RIOTS

BREAK OUT ANEW IN CHICAGO

Mobs Attack Three Negro Ministers in Railroad Station Returning From Kankakee

Several Hundred Police are Patrolling the Streets to Prevent Recurrence
(By United Press)

Chicago, June 21—Race trouble broke out here early today in two places.

Three negro ministers returning from Kankakee, Illinois were attacked by a mob of 150 whites at the railroad station shortly after midnight. Police reserves rescued them. They were taken to a hospital.

Another mob attacked Herbert Mitchell, a negro in a down town railway station. Mitchell was removed to a hospital.

Several hundred police reserves were patrolling the "black belt" today following the outbreak.

Patrolman Wm. McNaughton received a cut in the head while rescuing the ministers.

Mitchell was badly beaten up before police arrived. Edward Redding, an Abyssinian was arrested today. He was held in connection with the killing of two white men yesterday following a parade of negroes.

Chief of police Garrity took precautions today against a repetition of the race riot which occurred a year ago.

PROGRESSIVES WILL SUPPORT HARDING

BUT WILL RESERVE RIGHT TO GO BEYOND PLATFORM ON THE LABOR ISSUES

RAYMOND CLAPPER,
(United Press Staff Correspondent)

Washington, June 21—Progressives and liberal republicans are supporting Senator Harding for president, but they will reserve the right to go beyond the republican platform on the labor issues, Ex-Senator Albert J. Beveridge, of Indiana, a former bull mooser, said today following a conference with Harding.

"Senator Harding is the nominee of the republican party and we are going to support him," Beveridge said. "But I have my own views on the labor question and I will make my own platform when I get on the stump."

He said Harding will have two objectives—rejuvenation of the party and return to constitutional form of government through party control. It is a program that we who call ourselves liberals, can unite in, Beveridge said.

HASTEN DECISION OF LABOR BOARD

BROTHERHOODS WILL APPEAL TO PRESIDENT TO TRY AND GET SPEEDY ACTION
(By United Press)

Washington, June 21—Railroad brotherhood heads may appeal to President Wilson to hasten decision of the railroad labor board on wage cases now before it. W. N. Doak, vice-president of the Brotherhood of Railway Trainmen, said today.

Doak conferred last week with representatives of the Baltimore strikers and declared he was hopeful that the men there will return to work today.

REPORT OF KAISER'S DEATH IS UNFOUNDED

(By United Press)

London, June 21—A news agency dispatch from Doorn today declared the report that the former Kaiser was dead was entirely without foundation.

FOUR PERSONS BURNED TO DEATH

APARTMENT HOUSE FIRE IN VANCOUVER RESULTS IN FOUR DEATHS
(By United Press)

Vancouver, B. C., June 21—Four persons were burned to death here today in a fire that destroyed the Balmoral apartment house, a six story building.

Many of the twenty-five families were still in bed when the fire burst out along the second floor corridor. Corridors rapidly filled with smoke. Doors of the apartments had automatic locks and when occupants rushed into the halls to find escape they found themselves locked out of their rooms.

Janitor Spencer ran into the building calling out "fire." He is missing and a body supposed to be his was found.

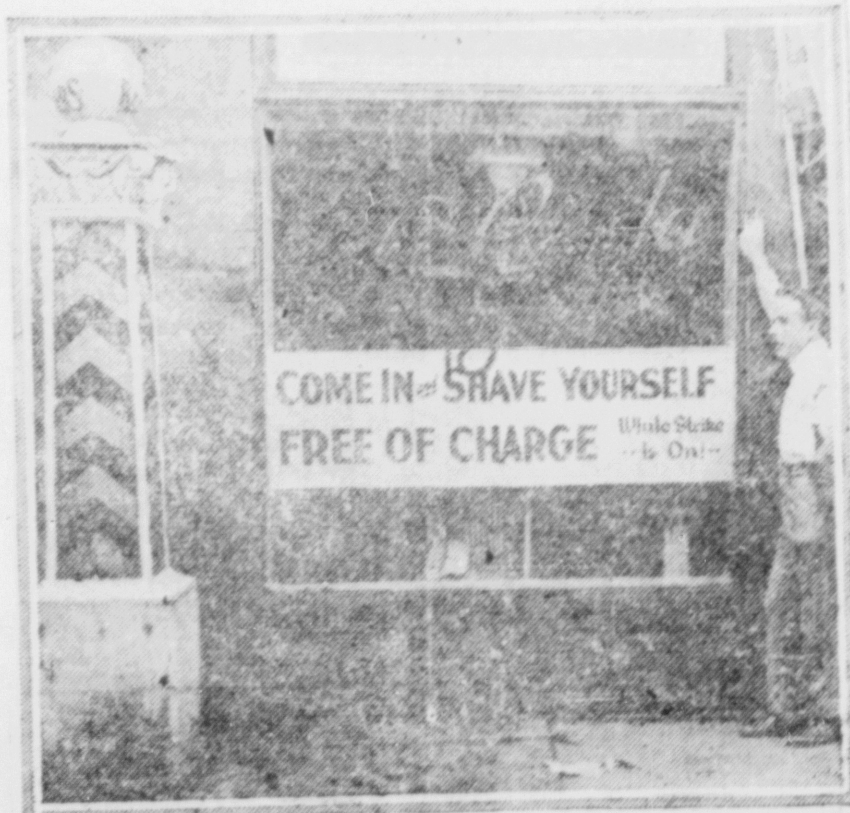

Charles Dennehy's death was sensational. He leaped from the sixth floor had missed the fireman's net. He was a world war veteran taken prisoner by the Germans at Ypres and had a leg amputated while a prisoner of war. Three bodies have not been identified.

Spider's Silk.
Experiments are in progress in Madagascar as a result of which it is hoped that a fine silk may be produced from spiders' webs. According to recent reports, excellent progress has been made by those in charge of the tests. The thread produced by spiders is declared to be finer in quality, stronger, and more beautifully colored than that obtained from silk worms.

Where Women Equal Men.

In Italy women teachers, school inspectors and employees in the administration of antiquities and fine arts receive the same pay as their male colleagues.

Barbers' Strikes No Real Terror If All Shop Owners Were Like This One

Not all New Yorkers resemble Bolsheviks because of the barbers' strikes in various parts of the city. This photograph shows why some residents of the borough of Brooklyn were able to keep up facial appearances. The proprietor placed a large sign in his window which read: "Come in and Shave Yourself, Free of Charge, While Strike Is On." Many of his patrons availed themselves of the offer.

PRIMARIES QUIET IN THE CITIES

BUT VOTING IS REPORTED HEAVY IN COUNTRY DISTRICTS—LACK OF INTEREST CAUSE
(By United Press)

St. Paul, June 21—Country districts were voting strong in the primary elections, according to reports today. In the twin cities and Duluth however, voting was exceptionally light, election officials said. The polls close at nine o'clock tonight.

Veteran election officials here reported this the most quiet election they had ever witnessed. They said apparently there was lack of interest. Many inquiries were received as to whether women could vote in the primaries. Women may not vote now but under the state law they may vote at the presidential election held in the fall.

Campaigners in the cities were making every effort to get out a big vote. Balloting late in the evening is expected to be heavier than during the day.

DEMOCRATIC NATIONAL CONVENTION MEETS ONE WEEK FROM TODAY

L. C. MARTIN

(Staff Correspondent United Press.)
San Francisco, June 21—A week from the opening of the national convention here, democrats find themselves as puzzled and bewildered as the republicans were at Chicago before their "unbossed" convention met.

The democrats too, are "bossless", and as a result they were milling around seeking the answer to a number of questions including:

Will President Wilson ask for the nomination for a third term?

What is Bryan going to do, and will he be able to wrest control from the President?

What had the party better do about the liquor question?

Why did McAdoo retire from the campaign?

There are more questions some of the democrats would like answered if they could find anyone who knows the answers. They are chiefly concerned today however about just two men—Wilson and Bryan.

Managers of candidates are going slow until the Wilson and Bryan program begins to appear.

Still Hope.

Betty was talking with her mother about her little brother, and her mother said: "Betty, isn't it funny, Stuart and daddy have blue eyes, while you and I have green eyes?" Betty, thinking deeply, finally said: "Never mind, mother, ours will get ripe some time."

Avoid Collisions.

Don't collide with anything. The man at the helm must know how to steer away from obstructions and avoid should he be would successfully make the ports and havens along the streamway of life.—Humphrey J. Desmond.

SECOND OUTLAW RAILROAD STRIKE IN THE EAST

(By United Press)

Washington, June 21—A second outlaw railroad strike spread rapidly throughout eastern railroad centers today.

What the men termed "unreasonable delay" by the railroad board in handing down its decision on appeals of railroad employees for higher wages was given as the cause of the new walkout.

The strike first appeared Saturday in Philadelphia, where several hundred switchmen walked out. It spread to Baltimore, Syracuse, Camden and Wilmington. Passenger traffic was not effected but freight embargoes were announced.

POLICEMAN SHOT IN STRIKE RIOT

(By United Press)

Waterbury, Conn., June 21—Two policemen and one striker were shot today during a riot here. One of the policemen is reported in a critical condition.

Waterbury, Conn., June 21—Richard LeRoy, patrolman, and former Lieut. John Bergin, chief of special police at the Scoville Manufacturing Co., were shot and seriously wounded today in clashes with several hundred strikers there.

One of the strikers, who was alleged to have shot LeRoy, was riddled with bullets and is reported dying.

City guards armed with rifles and bayonets and scores of policemen pursued the strikers and arrested several of the men. Within thirty minutes after the shooting the streets were cleared and armed police were in complete charge.

ALLIED SUPREME COUNCIL HOLDS MEETING TODAY

EXPECTED THAT FINAL SETTLEMENT WILL BE MADE OF ALL QUESTIONS RESULTING FROM WAR
By HENRY WOOD
(United Press Staff Correspondent)

Boulogne, June 21—The meeting of the allied supreme council was formally called to order at 11:30 A. M. today.

Final settlement of the questions which has prevented Europe's return to economic stability and world peace was expected to be reached today when leading statesmen of all the allies assemble at Chateau De La Bella. The ostensible purpose of today's meeting was the disposition of the question of German indemnity and reparation.

It was evident that the critical situation in the near east where Turkish nationalists are preventing execution of the treaty terms, will be the main question to settle.

It was understood that Premier Millerand and David Lloyd George had come to an agreement on the indemnity question at their conference at Hythe Sunday.

REED MAY FIGHT FOR CONVENTION SEAT

(By United Press)

San Francisco, June 21—Senator Reed, of Missouri, may carry his fight for a seat as delegate from the fifth district, Kansas City, it was learned today. This would precipitate an open clash on the floor between anti administration factions represented by Reed and Wilson, who appears likely to control the convention at the beginning.

PRESIDENT APPOINTS ASST. SEC. OF TREASURY

(United Press)

Washington, June 21—President Wilson today appointed S. Parker Gilbert Jr. to succeed R. C. Leffingwell as assistant secretary of the treasury. Gilbert, who has been one of Leffingwell's assistants, is from New Jersey. Leffingwell's desire to retire has been known for some time.

DISORDERS IN IRELAND RESULT IN SEVEN DEATHS

Factional Fights Between Unionists and Sinn Feiners Growing Worse

Over One Hundred Were Seriously Wounded at Londonderry
(By United Press)

London, June 21—Total casualties in the factional fighting at Londonderry numbered seven killed and more than a hundred seriously wounded today, according to reports reaching here today.

The disorders were a culmination of a series of clashes between Sinn Feins and Unionists during the last few weeks. The last manifestations were the most serious that have taken place in Ireland.

At the height of the disorder several drunken men brought a dead man to the city hospital.

Rioting Again Today
London, June 21—Wide spread rioting broke out in the streets of Londonderry again today between Sinn Fein and Unionists, according to a dispatch received here. Many families were evacuating the bullet swept city. Looting and burning of houses continued. Police and military were unable to control the situation.

PRESIDENT'S DAUGHTER HAD TO BORROW STREET CAR FARE

(By United Press)

New York, June 21—Miss Margaret Wilson, President Wilson's daughter, recently went broke on a Fifth avenue bus.

P. J. Lynch, conductor, paid her fare. A letter of thanks and the borrowed dime were received by Lynch.

AUTO INJURES TWO CHILDREN

(By United Press)

Virginia, Minn., June 21—Two small children were seriously injured when an automobile driven by Tony Sanich near Olcott Park jumped the sidewalk and crashed into a telephone pole. Sanich is held by the police pending the outcome of the injuries to the children. They were standing on the sidewalk when the automobile crashed into them. They were Victory Geram age 16, and Johnnie Geram age 7 of Gilbert. Police charge Sanich was racing at a speed of forty miles an hour.

Little Motorist Surrounded by Playmates Admiring "Really" Car Her Father Built

Peggy McPol is the envy of all the children who live in the neighborhood of her home in Los Angeles, Cal. Peggy's father built her an automobile, perfect in every detail, that can make 35 miles an hour. The little car was surely a work of parental devotion, everything being made by hand except the motor. That he bought. To construct and equip the car, Mr. McPol's expense was \$175. To complete the outfit Peggy was presented with a leather coat.

BOLSHEVIKS TAKE MANY POLES CAPTIVE

ALSO CAPTURE 165 GUNS—WAR-SAW THREATENED—ACCORDING TO BERLIN WIRELESS
HENRY WOOD,
(United Press Staff Correspondent.)

London, June 21—Bolshevik troops have taken three thousand Polish prisoners in an attack along the Dvina river, extending from Dvinsk to Polotsk, according to a wireless message from Berlin today, which quoted a Moscow dispatch. The Poles also lost 165 guns.

Two Polish cavalry regiments were destroyed at Polotsk the dispatch said. The Berlin message added that it feared the red troops might occupy Warsaw, and serious trouble had broken out within Polish ranks.

NATIONAL GUARDS WILL LEAVE DULUTH

(By United Press)

Duluth, June 21—National guardsmen called here from Fort Snelling Friday night in anticipation of an attempt to lynch fourteen negroes held in the county jail charged with assaulting a young white girl, may return home tonight. Adj. Gen. Rhinow was to decide this afternoon whether the situation had quieted sufficiently to warrant release of the troops.

County Attorney Warren E. Greene summoned more witnesses before the special grand jury this afternoon. The first indictments in the lynching case are expected early this week.

HUNGARY IS ISOLATED BY GENERAL BOYCOTT

TRANSPORTATION EMPLOYEES OF SURROUNDING COUNTRIES REFUSE TO SERVE THEM

BOYCOTT WILL BE ABANDONED ON RESTORATION OF FREE SPEECH AND CIVIL TRIALS
(United Press)

Vienna, June 21—Hungary was practically isolated today as a result of the international boycott.

The majority of postal, telegraph, telephone, railroad and navigation employees in Austria, Czechoslovakia, Poland and Italy have joined the ban which the international trade union placed upon Hungary.

Unless Hungary yields within one week the boycott will be extended to the passenger traffic, union leaders said today. The Hungarian ministry also expects to resign as a result of the boycott.

Conditions upon which the boycott would be abandoned were presented by Hungarian socialists and included free speech and free assembly, cessation of prosecution against radicals, civil instead of military supervision of political prisoners, and re-establishment of jury trial.

CONSIDER THIRD PARTY FORMATION

PROGRESSIVE LEADERS WILL MEET JULY 9 TO CONSIDER THE MATTER
(By United Press)

Chicago, June 21—Leaders of progressive organizations will meet here July 9 to take up the question of formation of a third party. It was announced today by Frank J. Escher, secretary of the national labor party.

Representatives will be sent by the Nonpartisan league, the triple alliance, the Wisconsin equity league and the Wisconsin socialist party, said Escher. National executive officers of the committee of forty-eight and the labor party will also attend.

Third party leaders today declared the call for a third party issued by Wm. Randolph Hearst has no connection with their movement.

Acceptance of the presidential nomination of the third party ticket by U. S. Senator Robert LaFollette, was considered likely by the liberals. They are still waiting on him to sound him out on his attitude toward a third party.

RAILROADS LOST MILLIONS IN APRIL

LAST YEAR THEY MADE 20 MILLIONS—OPERATING EXPENSES INCREASE
(By United Press)

Washington, June 21—Railroad operation during April, the second month out of government control, shows a loss of \$15,625,529, the interstate commerce commission announced today. During April last year the railroads showed a profit of \$20,703,196, the commission said.

The operating expenses during April, 1920, was \$322,338,785, as compared with \$276,576,590 of April last year.

Under the new transportation act the railroads are guaranteed a return upon their investment for six months. The loss for April, therefore, means that the taxpayers will have to pay the amount of the loss plus the amount of guarantee returns either directly or through rates.

Loss by Storing Pulpwood.

It has been found by observations made at a sulphate pulp mill that pulpwood kept in storage from two to three years yields, on the average, 28 per cent less pulp than wood used when it is green, says Popular Mechanics Magazine. Pulpwood stored even one year loses 14 per cent of its value in pulp production.

Actions That Count.

Let us, if we must have great actions, make our own so. All action is of infinite elasticity, and the least admits of being inflated with celestial air until it eclipses the sun and the moon.—Emerson.

You Don't Have to Gamble When You Buy Roofing

Trying to fill a four-flush may be good poker, but you can't afford to apply the same principle to buying roofing. And you don't have to.

Certain-teed Roofing offers you a fair and square buy. Its merits are on the table—all above board—everybody knows them.

Certain-teed Roofing is guaranteed for 5, 10 or 15 years, according to weight. That guarantee is backed by the largest manufacturers of prepared roofing in the world. In no case has Certain-teed ever been known to wear out on the roof.

Certain-teed Roofing is weather-proof, fire-retarding and spark-proof. It gives real roofing protection.

Certain-teed Means Known Value

There's no gamble in that proposition. What do you get when you buy private brands? What will they do? You know nothing about them.

If you are willing to buy cheap roofing, get it at a fair price. We make a third-grade roofing, called Guard Roofing, which is satisfactory where long life is not required. It looks as good as any roofing. It is priced and sold strictly on the basis of third-grade roofing.

Any responsible dealer can get either Certain-teed or Guard for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

FARM HOUSE IS ENTIRELY DESTROYED

Loerch, Minn., June 21.—The story and a half farm house of Andrew Peterson and contents was entirely destroyed by fire 2 o'clock Sunday morning. The origin of the fire is a mystery. Mr. Peterson and family were not aware of the catastrophe until the flames swept to their beds.

Mr. Peterson had hands and face burned and was brought to a Brainerd hospital for treatment. The farm is situated about 11 miles from Brainerd. They are Uncle and aunt of Mrs. Anderson, wife of Alderman A. G. Anderson of Brainerd. Little if any insurance was carried on house and contents.

WOMEN'S COUNCIL SPECIAL MEETING

A special meeting of the Brainerd Women's Community Council will be held on Tuesday afternoon at 3 o'clock at the Chamber of Commerce rooms. All women of Brainerd are urged to attend this meeting as matters which are especially interesting to women will be discussed, writes the secretary, Mrs. Mabel Kelly.

"Picture Brides?"

The manner of "picture bride" marriages in California is this: A Japanese sends his picture to his relatives in Japan who select a suitable maiden and in turn forward her photograph to the waiting suitor in America. If satisfactory, the relatives on both sides meet, hold a banquet and the marriage is considered a fact. The wife then joins her husband in this country.

Many Reasons for Insomnia.

Whenever sleep becomes coy and must be wooed it is a sign that something has gone amiss and must be remedied. To obtain sleep then becomes a search for a complex mental, emotional or physical thorn in the side. Loss of sleep may be due to some physical thorn such as an overburdened intestine or stomach, an abscessed tooth root, thickened tonsil, a skin irritated or cold, or an infection in some hidden, walled-off area of the anatomy. Equally as often some unconscious memory of financial reverses or difficulties, domestic complications or some other work banishes sleep.

Consistent Service

There is one certain method of securing the good will of worth-while folks and that is to render to them a consistent service that is faultless in every respect.

NO LABOR PARTY

The American Federation of Labor is wisely disposed to take advice of its veteran leader, Samuel Gompers, with regard to a Labor Party.

Gompers argues, as he has always done, that it is better for organized labor in this country to refrain from separate political organization, and seek to accomplish its aims by working within the existing parties, retaining its freedom of action as a whole and as individuals. If the Republican and Democratic parties showed themselves both hostile to labor, it is likely that labor would either gravitate to, and dominate, some third party of its own. Barring such a situation, which has not yet existed and is not likely to exist, the interests of labor are plainly best served, as President Gompers insists, by the traditional nonpartisan policy on which the Federation has built its power.

To organize itself into a third party, specifically devoted to a labor program, would be to invite the active enmity of both the big parties. It would also tend to foster the many-party system of Europe, which is alien to American instinct and institutions. With a Labor Party in the field, there might logically follow a Farmers' Party, a Church Party, a Capitalists' Party, etc., until we should have national politics and government confused by a medley of minority parties, with a clean majority seldom obtainable on any definite issue, and positive action of any kind made possible only by party coalitions based on political intrigue. Our own system of two parties, with simple majority government, works much better, and in the long run gives more satisfaction to every element.

THE LOST CHILD

If your child were stolen or lost, could he give plain, understandable directions to anyone who wished to take him home?

Baby talk is often cunning. Sometimes it is almost impossible to overcome. But in your enjoyment of your babies' twisted words and phrases have you ever thought how baffling they would be to a stranger trying to get needed information from the child?

Perhaps your child is shy, with a tendency to hide behind members of the family. Have you fostered that, perhaps partly from a hatred of the impossible boldness of some children, and partly because the seeking for refuge appeals to you by its loving dependence? Have you tried to frighten your child into obedience by the thought that a policeman, or a fireman, or some other reliable member of society who happens to wear a uniform, will "get him"? These very officials will be your strongest hold on getting him yourself, if he ever disappears.

Every child, as soon as he can frame words, should be taught to say his name, his father's name and the name of the street upon which he lives, as plainly as he can be taught to pronounce them, and he should be drilled in this until by very force of habit he replies to questions on those points fearlessly and clearly. Moreover, he should be taught to regard all custodians of the public safety, and mankind in general, as his friends, not to be followed from home, but otherwise to be regarded without fear.

NORTHWEST NEWS

St. Paul, June 21.—Republican and Democratic candidates for state offices were contesting at the polls today for their party nominations.

Republicans attempted to eliminate a long list of candidates for governor through an elimination convention, but there are still six in the race.

Seven are seeking the Democratic nomination for governor. There will be a farmer-labor ticket in the field during the campaign but it is not participating actively in the primary.

Jacob A. O. Preus, endorsed by the Republican state convention has as his running mates, L. L. Collins for Lieut. Gov., Mike Holm for Sec'y. of State, Clifford L. Hilton for Atty. Gen., Henry Rines for State treasurer, O. P. B. Jacobson for railroad and warehouse commissioner.

The National Nonpartisan League is seeking to nominate a state ticket under the Republican primary. Henrik Shipstead is their candidate for the nomination for governor.

The Republican ballots are: For Governor: Franklin E. Ellsworth, Samuel G. Iverson, Thomas Keefe, J. A. O. Preus and Henrik Shipstead. For Lieut. Gov.: Louis L. Collins and George H. Mallon. For Sec'y. of State: Mike Holm, A. M. Opsahl, Thomas Vollom. For State Treasurer: Charles A. Lund and Henry Rines. For Atty. General: Clifford L. Hilton, John C. Larson, Elmer C. Patterson, Stelle S. Smith and Thomas V. Sullivan.

The Democratic ballot: For Governor Charles M. Audrist; Robert W. Hargadine, L. C. Hodgson, Edward Indrehus, Alfred Jaques, Oliver J. Quane and Julius Thorson. For Sec'y. of State: Frank C. Burmaster and B. M. Loeffler. With out party designation. For Associate Justice Supreme Court, Homer B. Dibel, Albert Johnson, George L. Siegel and Wm. H. Vanderburgh.

Ask Fare Increased

Bismarck, N. D., June 21.—Reasons why fares should be increased to seven cents will be presented to the state railroad commission by the Fargo & Moorhead Street Railway company today. Moorhead has ratified the increase.

Stock Judging Contest

Fargo, N. D., June 21.—Richland and Cass counties will pick their stock judging teams for the state contest here during the weeks outing for boys from these two counties. The boys are lodged on the agricultural college campus and educational pursuits as well as recreations are planned for them. Military discipline prevails.

Lifetime in Weaving a Shawl.

The Metropolitan museum of New York has a rare Persian shawl said to be 165 years old. The shawl is 11 feet by 4 feet, worked in long flowing designs of the palm leaf and the River of Life, with the stories of the mosques. The predominating colors are mellowed garnets and brown, with alternating sheens of steel gray and rusty brown. An expert to whom the shawl was shown said its makeup probably represented the lifetime of the weavers.

The Continents.

Modern usage recognizes four continents—Eurasia, Africa, North America and South America—and is divided as regards Australia, which is variously styled a continent and a continental island. The title, Antarctic continent, is sometimes given to a great body of land supposed to occupy the south polar region. Formerly Europe and Asia were accounted as two continents.

New Zealand.

Discovery of the island of New Zealand is attributed to Tasman in 1642, but exploration did not take place until the time of Capt. James Cook, 150 years later, while colonization was delayed until 20 years before the American Civil war. Colonization resembled the settlement of the American colonies in that settlements were made in half a dozen places instead of being promoted from a central base, according to the usual British method.

Incans' Marvelous Dye.

Garments of the Incas, dyed with indigo before Columbus discovered America, have been found in ancient tombs in Peru, according to Doctors M. A. Velasquez and A. Maldonado of Lima. The blue dye has not even begun to fade.

Taking Chinese Census.

The inhabitants of China are counted every year in a curious manner. The eldest master of every ten houses has to count the families and make a list, which is sent to the imperial tax-house.

Grub-Staking Society

MORE power is required to plow the fields of America than is used in all its factories.

In view of the decrease of man-power on the farms, the importance of motor-power is demonstrated easily. With hand-labor the time required to produce a bushel of wheat was a little over three hours. With improved machinery this has been reduced to ten minutes. Power machinery has multiplied the power of man eighteen times.

The gasoline engine is the only power unit embracing all requirements for farm work. It looks as though it is up to gasoline to grub-stake society.

For years hand-labor has been leaving the farms and motor-power has been taking its place.

Long ago the Standard Oil Company (Indiana) realized that if America was to maintain its bounteous crop production there must be close cooperation between the Company and the farmer; therefore, the Company proceeded to build up through the farm districts of the Middle West the most complete system of distribution of oil products in the world.

This delivery system with its 3,780 bulk stations, its 7,000 motor trucks and tank wagons, its 1,300 Service Stations, and its personnel of 10,000 trained men, could not be built up in a month or in a year. It is the result of long and patient effort.

This immense system for the production and distribution of gasoline and other petroleum products is complete, installed and in full operation now, when it is needed as never before.

SEARCHES CITY FOR HIS WIFE

G. Percifull, Just Out of the Army from Camp Lewis, Washington, Has Lost Better Half

SHE WAS AT AUDOBON, MINN.

Mrs. Percifull, He Said, Came to Brainerd Two Weeks Ago, All Trace of Her Lost.

G. Percifull has more than his share of trouble. He has lost his wife and is unable to find her. Percifull served five years in the army and was discharged June 16 of this year. It was while stationed at Camp Lewis, Washington, six months ago that he married Miss Myrtle E. Wood.

She left Washington to visit relatives in Audobon, Minn., and when the husband arrived there he was informed his wife had gone to Brainerd. He searched high and low for her in Brainerd and could not find her. Mrs. Percifull has blue eyes, blonde hair, light complexion and weighs about 140 pounds and is five feet seven inches in height.

Late Monday Percifull heard his wife had left with the Frisco Exposition show carnival for Stillwater and Mr. Percifull took the next train for Stillwater where the carnival will hold forth.

CHAMBER COMMERCE MEETS WEDNESDAY

Three Candidates Up for Office of Secretary—Special Committee Recommendation

FAVORS FRANCIS B. RANDALL

Latter Was Once Clergyman, Hotel Manager, A. E. F. War Worker, Working now for Mill City Elks

(By Secretary Chamber Commerce) At a recent meeting of the advisory board, the committee on a permanent secretary reported that three candidates were in the field for consideration. Of the three, the committee named as first choice Francis B. Randall for the position of secretary.

Mr. Randall is now working at the Elks Club of Minneapolis, and although never having had any experience in civic work still his qualifications seem to fit him for this position. Mr. Randall was at one time a clergyman, later an assistant manager in a large hotel on the Pacific coast, and was active in war work with the A. E. F. in France.

Although the advisory board at their meeting did not have a quorum, still recommended to the Chamber of Commerce as their minority report that Mr. Randall be voted upon and elected permanent secretary of the club.

The regular meeting of the Chamber is on Wednesday, and every member is asked to turn out for this meeting, at which time Mr. Randall's case will come up for consideration. This is a very important matter. The club members owe it to the Chamber of Commerce to see that the right man is chosen for this position. The future for the Chamber lies largely in its secretary, and each member should attend Wednesday's meeting and show by his vote whether or not he considers Mr. Randall the right man for the job.

RIFLE CLUB HAS IT'S FIRST SHOOT

Eight Rifle Men at the Brainerd Rifle Club Range, Shoot 300 Yards Slow Fire

HIGH MAN SCORES 42 OUT OF 50

Range and Targets are in Perfect Shape, Increased Membership Sought by the Club

The Brainerd Rifle club had its first shoot of the season at its range on the Beare farm south of the city. 300 yards slow fire was shot. Eight rifle men showed up.

Bert Orne made 41 out of a possible 50. G. G. Holmstrom shot 40. Harold Kalland 40, J. C. Clausen 37, H. B. Sherwood 22, Ralph Russell 36, R. J. Tinkelpaugh 24, Wm. Nelson 42.

The club has received its quota of ammunition. Next Sunday the long ranges will be shot. The field is dry and in perfect shape, the targets, etc., are working good.

The officers of the club are President Dr. A. K. Cohen, Vice President R. J. Tinkelpaugh, Secretary-Treasurer John F. Woodhead and Executive Officer Wm. Nelson. Any one of them will be glad to receive your application to join the club, dues being \$3 a year. A couple of boys are needed for marking and they should apply to the executive officer. Most of the members own their rifles, but new members without rifles will be furnished them by the club.

FARMER'S WAGON HIT

Heavy Automobile Collides With Campbell's Lumber Wagon and Tears Off 2 Wheels

A farmer named Campbell was the victim of a collision on Third Avenue Northeast Sunday night. A large car believed to be from the range shot by another car and took a front and rear wheel off Campbell's lumber wagon and threw Campbell and his wife, several children and three men off the wagon on the hard cement. The results of Campbell broke away and nearly collided with cars on Third Avenue.

Signs of Consumption.

What are the early symptoms? The patient may have neither cough nor expectoration. He feels tired in the afternoon, and wakes tired in the morning. His appetite is poor, and he begins to lose weight or to stop growing. He is easily exhausted after exercise. Anyone who notices these symptoms in himself should consult a doctor. In any family, rich or poor, in which one member is known to have consumption, all the others should be examined by specialists.

Hanged for Not Drinking.

An old English story tells of "the sinner of Bawtry" who was hanged for leaving his ale." It arises from the story that on the way to the gibbet where Bawtry malefactor expiated his crimes it was the custom to halt the procession at one spot, and give the criminal a farewell drink of beer. A sinner, marked for death, contemptuously refused the proffered draught and was promptly hanged. By just as many minutes later as he had declined to dally a breathless horseman arrived with a reprieve!

RELY TOO MUCH ON MACHINES

Writer Laments the Lack of Personal Responsibility Discernible Among the World's Workmen

Writing in the Scientific Monthly on the value of handicraft in the re-education of wounded soldiers, Capt. Frank A. Waugh of the sanitary corps, U. S. A., says:

"It is a great defect of modern society that it depends too much on machinery. Everything we touch is machine-made. The common laborer in particular hardly ever sees or touches anything but machine-made objects. He begins life in a machine-made car, eats canned food from a machine-made table with a stamped-steel knife, fork and spoon, dies in the hospital in a machine-made bed, is buried with a machine-made coffin and marries with a machine-made tombstone. When such a man once makes with his own hands a good basket or leather pocket-book he begins to realize the value of honest craftsmanship—the place of personal responsibility in the day's labor. This is a most fundamental element in human psychology now largely lost in a mechanical world where objects are made by machines, not by men. The men only feed the machines and are themselves controlled by another social machine called a labor union."

PERMANENT "NO MAN'S LAND"

Sites of Probably One Hundred Villages in France Too Dangerous to Use Again.

Fifteen villages in the Alsace district, destroyed by war, will never be rebuilt. There are 17 towns in the Marne district which will be abandoned, and probably 100 in all of France. For many years, at least, the soil on which the villages stood will not even be tilled. It will become a permanent No Man's land.

According to government advisers, the sites of these villages are too dangerous to be used again. In order to avoid loss of life the government has purchased the land on which the villages stood and will keep possession of it until it can be made safe.

These sites are the ones often fought over, on which the ground has been turned over and over again, burying explosives of all kinds to unknown depths. There is no trace of buildings left in the 15 villages, so the refugees feared more than the usual hardships. They returned, however, and lived in the worst makeshift caves and dug-outs.

Only signs maintained by the government will mark the sites of the villages, warning people of the lurking dangers—Stars and Stripes.

APPLY SULPHUR ON YOUR ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Over Night

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It never fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Mentho-Sulphur from any good druggist and use it like cold cream.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

KEEPS YOUR KITCHEN COOL IN SUMMER!
The triple-walled oven, the insulated oven door, the liberal use of asbestos insulation (double the quantity used in other high-grade ranges) and the entire design of the Round Oak Chief Range are calculated to hold heat in where it belongs. The kitchen comfort that it affords a woman in hot weather, as a result, is well worth the slight extra cost of these advantages.
